

Beginning and End of the School Day

General Goal

- Spread out the number of people in various sections of the school
- Keep staff and students working in learning cohorts from (mainly) one location of the school for the entire day
- Reduce the amount of movement throughout the school day

Visitors

- Unfortunately, we request that you not visit our school at this time in order to reduce the number of people accessing the building
- Please contact our school office at 604 847-0772 or by email at gwg@sd33.bc.ca for support from our clerical team for contacting your child or staff

Student Lockers

- Students are encouraged to carry their school supplies in a backpack, as, for the most part, lockers will not be issued this year. This is due to reducing the need for students to access different locations in the school

Beginning of the Day

- Students must wear a when mask entering and exiting the school, along with anytime throughout the day when they are using common areas
- School doors open at 7:40 (arrival of our first bus)
- Special earlier access for our library, gym, and music room will be made available on a pre-registration basis. No drop-in access for these locations. The following staff are the contact people for arranging earlier access:

Gym	Mr. Mouritzen	jake_mouritzen@sd33.bc.ca
Music Room	Mr. Monkman	shane_monkman@sd33.bc.ca

- Students are required to enter through the exterior doors of the section of the school where their class is located.
- Below are the four school sections and the exterior doors that must be used for entering and exiting:

End of the Day

- Students are encouraged to leave the school at 2:00, unless there is a specific reason for staying (Music class, Athletics or Theatre)
- Students who are waiting for a bus must wait in the halls of their school section or outside
- Clearing the school at the end of the day is very important in order for our custodial team to start the daily deep cleaning process
