

### **2025-26 GRAHAM GRIZZLES ATHLETICS**

On behalf of the entire athletics department at GW Graham Secondary School I would like to welcome everyone back for the start of our 20<sup>th</sup> athletics season! We are super excited about the upcoming year and cannot wait to get started. Over the summer we have added many new passionate coaches, worked hard to create new exciting opportunities, and have scheduled competition against the very best across the province. This summer we have added new equipment and technology that is going to make the Graham student athletes experience even more rewarding and have many new training tools, sport aids and resources that will continue to give our student athletes the opportunity to become 1% better every day.

Our entire coaching staff is extremely motivated to launch all our athletic programs, and once again provide student athletes with the opportunity to follow their passions and chase their dreams.

As in past years we will continue to provide as many forms of communication as possible so everyone can stay up to speed with everything that is Graham Athletics. Please make sure to check out all our social media links and our athletic calendars. Below you will find information on our streamlined Graham athletics linktree and location for both competition and practice calendars.

Important athletics information for the first few weeks of the school year is included in this package and will be posted on the main gym doors on the first day of school. If you have any immediate questions, please feel free to contact Athletic Director Mouritzen directly at any time.

Dear Chilliwack Community Members, business owners, Eastern Valley Residents, Sports Enthusiasts, Former Athletes, Parents, Guardians and Alumni,

As we conclude our 18th year of Athletics at GW Graham, it is overwhelming to reflect on where we started on this journey and what we have accomplished since 2006. Today we provide countless opportunities for student athletes at GW Graham Secondary school. Opportunities that allow our student athletes to learn valuable life skills, while following their passions and striving to achieve their goals both as a student and as an athlete. We empower student athletes to become 1% better every day, and embrace opportunities of adversity to learn and grow and prepare for what lies ahead after graduation.

As our program continues to grow, as do the expenses of a program our size. We are consistently looking for unique ways to find additional financial support from our community so we can continue to increase and advance the opportunities we offer our student athletes.

During the summer months we are looking to seek out new corporate sponsorship opportunities with amazing local businesses in our community.

All money raised in our sponsorship support program goes directly into ongoing athletic development and sustainability. We have designed our sponsorship program to provide opportunities at multiple levels. Any and all support makes a huge difference and allows us to connect and empower more and more kids each and every year with sport and healthy living.

Jake Mouritzen  
Athletic Director, GW Graham Secondary
